### Examples of the Second Work of Grace.

God has not left us without witnesses to his sanctifying power. Both the Old and New Testaments abound in living examples of this work of grace. Following are some of these examples: (1st) Noah, Gen., 6:9; (2nd) Abraham, Gen., 17:1; (3d) Aaron and His Sons, Lev., 8:29; (4th) David, 1st Kings, 11:4; (5th) Isaac, 86:2; 101:2; (6th) Asa, 1st Kings, 15:14; (7th) Elisha, 2nd Kings, 4:9; (8th) Hezekiah, 2nd Kings, 29:3; (9th) Job, Job., 1:18; (10th) Isaiah, Isa., 6:7.

Now, readers, the above are Old Testament examples of men who had been sanctified or made Holy under the law. Now we are not at sea. God has always had Holy people and Sanctification is for God's people to-day and not for sinners. The above doesn't look like Perfect Love or Holiness or Sanctification is a modern fad or fanaticism. Mr. Wesley said in one of his volumes, speaking of Perfect Love, "It is properly called the Second Blessing." I will give a number of noted men later.

Now, reader, let's turn to the New Testament; (1st) John the Baptist, Mark, 6:20; (2d) God's prophets, Luke, 1:70; 2d Peter, 3:2; (3d) 120 disciples, Acts, 1st and 2nd Chapters; (4th) Peter, Acts, 4:8; (5th) The Seven Deacons, Acts, 6:3-5; (6th) Stephen, Acts, 7:55; (7th) The Samaritans, Acts, 8:17; (8th) The Romans, Act, 10:14; (9th) Barnabas, Acts, (10th) Paul, Acts, 13:9, Rom., 15:29, 1st Thess., 2:10; (11th) The Ephesians, Acts, 19:8; (12th) The Apostles, Eph., 3:5; (13th) The Phil., 3:15; (14th) Hebrew Brethren, Heb., 3:1; (15th) Certain Women of Old, 1st Peter, 3:5; (16th) Certain Men of Old, 2nd Peter, 2:21; (17th) The Apostle John and others, 1st John, 4:17.

Now, reader, get your bible and take the first passage Gen., 6:9, and follow each scripture and read for yourself, and I am sure you will become interested in those readings, and the bible will become a new book. How we ought to read it and mould our lives and conversations by thus saith the Lord. I am not fully decided as to my subject for next week. I could give proof to fill a newspaper on the second work of Grace, but take these truths out of God's word and it ought to forever settle the controversy and establish the fact in every Christian's mind, that Entire Sanctification is a second definite work of grace.

Prof. Daugherty closed the training school Friday. The six weeks he was here he made many friends. He has the ability as a teacher, besides he is an up-to-date educator. He stresses a high standard of morality. While the rules of our College are quite different from many schools, I can say that Prof. Daugherty stood for them and for the right. So far as I know he made many friends and not an enemy and our community will be glad to welcome him any time. In fact, he has more brains and common sense than any teacher I know of and is always on duty.

Yours for Jesus.  
REV. W. W. STROTHER.  
From Colorado.

Ed, Register—I suspect you have often thought that I have forgotten my friends at home but I beg to remind you that such is not the case. They occupy places too sacred to be so lightly tossed aside and forgotten, or to be merely numbered as so many passing acquaintances. We often think of our friends there, and wish we could see them.

Of course, we get the paper every week and never take time to eat till we have gone over it. We find news of interest every week and have also noted, with sorrow, the passing of those who have gone to the world beyond. It takes us back from our busy hours and we loaf with you and Daugherty and Hawkins and listen to P. W. spin yarns, or may be cast our vote with O'Neal as he urges the boys to send another delegate to Jefferson City to insist on removing the capital to Des Arc.

In our memory we re-visit the haunts of days gone by and with our imagination picture changes. These are always pleasant reveries and make us homesick.

It has been so long since I told you any of my yarns that to tell

### Nervous Collapse

"I have traveled for thirty years continually. I lost a great deal of sleep, which together with constant worry left me in such a nervous state that finally, after having two collapses of nervous prostration, I was obliged to give up traveling altogether. I doctored continually but with no relief. Dr. Miles' Nerve Tonic came to my rescue—I cannot describe the suffering which this Nerve saved me. Whenever I am particularly nervous a few doses relieve me." A. G. C. LIBBY, Wells, Me.

There are many nervous wrecks. There is nervous prostration of the stomach, of the bowels, and other organs. The brain, the kidneys, the liver, the nerve centers are all exhausted. There is but one thing to do—build up the nervous system by the use of Dr. Miles' Restorative Nerve Tonic. Its strengthening influence upon the nervous system restores normal action to the organs, and when they all work in harmony, health is assured. Get a bottle from your druggist. Take it all according to directions, and if it does not benefit he will return your money.

ber and May. The time spent will give you an idea of the size of the task. This done the junior member said, "Buford, you take complete charge of the books." It came as a surprise but a pleasant one.

Their insurance business will go fifteen thousand this year. Their loans I can't tell yet. They place loans for people from Boston to California 7 per cent. net first mtg. say to 40 per cent. of value of land. Being so conservative, having a most enviable reputation, and being strictly honest, brings them much business.

The senior member, Mr. San-  
toon, is just closing out a half in-  
terest in a large lake and reservoir  
that will bring him for his half  
over \$300,000. Pretty good? Yes.  
The junior member, Mr. Houston,  
was just recently elected Mayor by  
a unanimous vote. No parties,  
no opposition. He so far has  
shown himself to be worthy of the  
honor.

Of course, I feel quite elated  
with my luck since I am with such  
people and have what is one of  
the very best jobs in the city.

Now, after all this is said, I must  
say I long for Arcadia Valley and  
to see my friends there. I miss  
our birds and trees and flowers and  
babbling streams. And one never  
knows how to appreciate these  
gifts of nature till he spends a  
while on the prairie. Of course,  
we have a few robins and some  
squirrels (pets) running around  
the trees, but this does not satisfy  
the longing for nature's fresh,  
green fields and shady groves.

And I can not close without ex-  
pressing a kind feeling for my  
boys and girls there who were  
faithful to their work in my school  
when I was there. To all of them  
my very best wishes and kindest  
regards. I beg to remain,  
Yours, etc.,  
O. J. BUFORD.
